

Informatik I

Übungsbetrieb

Herbst 2020

Intro

Welcome!

We're here to help. Ask questions, send emails.

This week

Homework

- Weekly online homework (expert.ethz.ch)

Online exercises

- Weekly, hand in by Wednesday evening (23:59).
- XP points awarded for successfully completing exercises.
- XP points unlock bonus exercises (3 during the semester) that are worth up to 1/4 of a grade.

Online exercises

- We will provide feedback.
- The code exercises are auto-graded: there will be a minimum passing threshold to obtain the XP.
- The XP points value of task is shown next to the task in expert.

Online exercises

Only the **last** submission counts. If you try things out, make sure to re-submit your best solution.

Online exercises: Demo

`https://expert.ethz.ch`

Try the first exercises

Try the first two exercises on your laptops, and submit.
If you don't have a laptop with you, work with someone sitting next to you. You can try with your account later.
